# MYAKALA AJAY KUMAR

**SENIOR PRODUCT DESIGNER | TECHNICAL UX ARCHITECTURE | BRIDGING DESIGNS FRONTEND**

**LOCATION:** Bangalore-India, **MOBILE:** +91-7382328066 **EMAIL:** ajaykumarmyakala@outlook.com,

**PORTFOLIO:** AJAYKUMARMYAKALA

## Professional Summary

Senior Product Designer with 10+ years of experience specializing in enterprise B2B SaaS, FinTech ecosystems, and complex workflow architecture. Operating at the intersection of UX strategy and frontend implementation, I translate severe operational complexity into scalable, WCAG 2.2-compliant digital infrastructure. Proven track record of modernizing legacy systems, building strict DesignOps CI/CD pipelines (Figma to React), and driving measurable business ROI through frictionless user experiences.

## Core Competencies

**Domains**:
B2B Enterprise SaaS, FinTech UX, B2C/D2C Consumer Platforms, Workflow Automation, Product-Led Growth (PLG)

**UX Strategy & Architecture**:
Systems Architecture, Progressive Disclosure, Root Cause Analysis, Omnichannel Growth, Information Architecture (IA)

**DesignOps & Engineering**:
Design Tokenization, React UI Integration, Storybook Specifications, Developer Handoff Pipelines

**Governance**:
WCAG 2.2 AA Compliance, SOC 2 UX Flows, Inclusive UI, Usability Validation\

## Professional Experience

### Homeloc Solutions LLC — Mar 2024 – Mar 2026

Lead UX Consultant – B2B2C Mortgage Technology Platform

- Defined the end-to-end UX strategy for a complex digital mortgage platform, serving borrowers, lenders, and enterprise operational teams.

### Computech Business Solutions — Mar 2023 – Mar 2024

Senior Product Designer – FinTech C Enterprise Analytics

- Drove a 20% increase in operational reporting efficiency by completely redesigning enterprise financial analytics dashboards and real-time reconciliation workflows.

**Visual IT Solutions** Sep 2022 – Mar 2023

Senior UX Designer – Public Financial C Governance Systems

- Scaled public service platforms to support massive user populations by successfully restructuring complex administrative workflows into intuitive, high-volume digital experiences.

**Gaian Solutions** Oct 2021 – Aug 2022

Senior UX Designer – Workflow Automation Platforms

- Eliminated enterprise reliance on engineering support by designing a self-serve, low-code workflow builder that allowed users to configure complex automations without coding.

**Way2news Interactive Pvt Ltd** May 2018 – Jun 2021

UI/UX Designer – B2C / D2C Consumer Digital Platform

- Drove a massive 30% growth in Daily Active Users (DAU) across a high-scale consumer news platform by overhauling the content discovery architecture and extending session durations.

**Nitya Software Solutions** Jan 2016 – May 2018

UI/UX Designer – Recruitment C Talent System

- Optimized recruiter and candidate lifecycle workflows by architecting a scalable job portal platform.
- Decreased user friction by entirely rebuilding search, filtering, and profile management systems.
